ASPECT Foundation for Music and Arts is pleased to invite you to a highly unusual concert of our series "Music in Context." This time we will explore the Romantic dilemma of an Unattainable Ideal. In his pre-performance visual presentation, Dr. Markus Ophälders will examine the philosophical and cultural aspects of the Romantic Age, its spirit, and its quest for Reason, Liberty, and Form. Afterwards, you will be able to immerse yourself into the true spirit of Romanticism through the music of Brahms, Schuman and Franck. Join us and become a part of this unique and exhilarating experience.
